

MISSIONLINE

Logistics & Supply Services · Construction Support

CAPABILITIES STATEMENT

SAM Registered Small Business

Reliable Logistics, Supply Chain, and Construction Support for Federal and Commercial Clients

PRIMARY — LOGISTICS & SUPPLY SERVICES

As a logistics and supply services company, MissionLine connects clients with the resources, materials, and coordination they need to keep operations running efficiently.

Logistics Services

- Freight coordination and cargo logistics
- Last-mile delivery and distribution support
- Supply chain coordination and oversight
- Inventory and warehouse operational support
- Transportation planning and scheduling
- Vendor and supplier coordination

Supply Services

- Materials procurement and sourcing support
- Supply delivery to job sites and facilities
- Equipment and resource coordination
- Supplier relationship management
- Fulfillment and distribution support

SECONDARY — CONSTRUCTION SUPPORT

- Commercial construction support services
- Site preparation and logistics
- Construction project coordination
- Facilities support services

DIFFERENTIATORS

- Small business agility — fast response, no red tape
- Direct owner involvement on every engagement
- Virginia-based, locally responsive
- Active SAM.gov registration (UEI: WVYENZ52FVV1)
- Open to teaming with prime contractors
- Committed to on-time delivery and quality execution
- Flexible service model for federal and commercial clients

PAST PERFORMANCE

MissionLine is a newly registered small business actively pursuing its first federal and commercial contracts. We are fully capable, organized, and ready to deliver from day one.

References and capability demonstrations available upon request. Open to mentor-protege and subcontracting arrangements.
